MELANGE FAMILY

One identity. Different personalities.

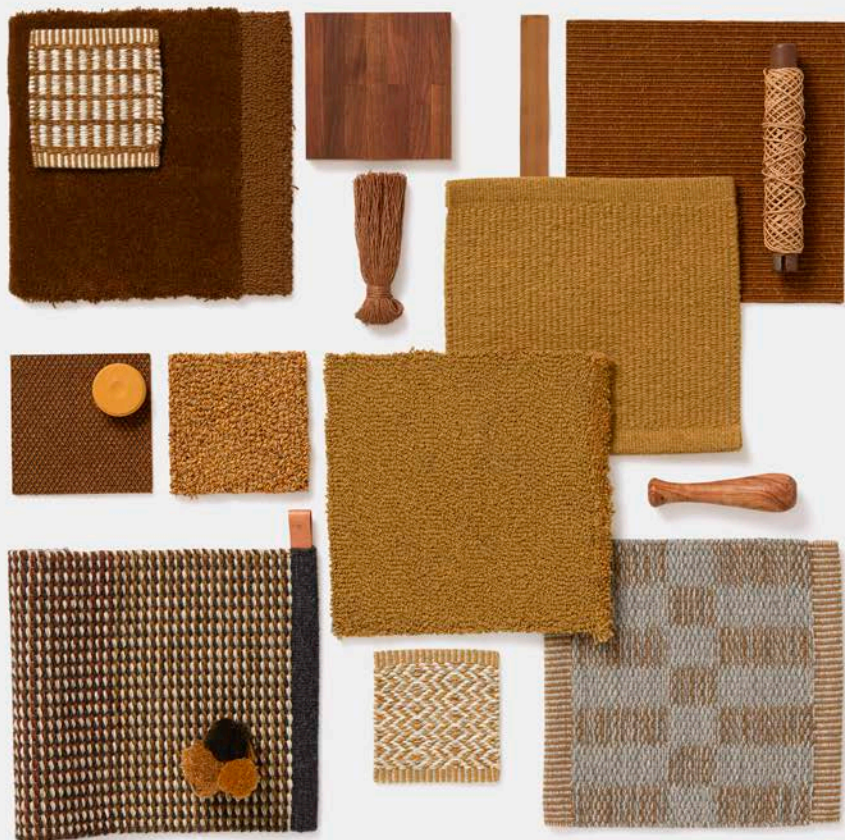

MELANGE FAMILY

Form. Function. Freedom. Public spaces involves a series of questions for property owners, principal clients, architects, interior decorators and designers. Questions regarding the nature of business, purpose and well-being. But also quality, comfort and acoustics. And, last but not least, aesthetics. Melange Family consists of three different rugs – the woven Macro and Häggå and the tufted Loop – united by the delightful natural aura created by the kinship of the material. Adding the dimension of the generous color palette they offer magnificent opportunities to create harmony and compliance in and between spaces.

CORRECT CONTEXT

The floor is inevitably a common denominator for us all. Thanks to gravity. Melange Family is available in three different qualities as wall to wall or area rugs, offering a wide array of expressions while maintaining the overall atmosphere. A versatile rug family range, highly matchable for office spaces, lounges, conference facilities, restaurants, hotels etc., whenever context is relevant. Which it always is.

DIVERSE. BUT UNIFIED.

UNIQUE MATERIAL

Kasthall's unique melange wool holds visual and functional properties that, woven or tufted, are well suited for public spaces. The wool is characterized by beautiful natural shades in shifting hues, resulting in an organic and subtle expression. Furthermore, it is fire retardant and possesses a dirt repellent quality that simplifies maintenance.

LOUD AND LOW-KEY

Melange Family is a collection with strong character and pronounced identity. They demand their place, but they also know their place. Together, the dense construction and the full-bodied yarn add efficient sound absorbant qualities.

CONTEMPORARY COLORS

Originating in the naturally grey shaded melange wool, Melange Family offers a color concept that facilitates and simplifies the work of architects and interior designers. With the rug being the foundation, and the colors the spicing, one is able to convey different temperaments and moods within a single space, throughout different sections of a larger area or even connect spaces within a multistorey complex. Kasthall's unmistakable attention to color is represented by a multitude of organic soft natural hues, presenting a number of options and combinations for different contexts.

Light Natural Grey 5006 / Light Grey 9211

Sea Salt 2625 / Faded Grey 9257

Natural Grey 5005 / Pale Grey 9251

Chia Seeds 8507 / Natural Grey 9259

Sparkling Water 2514 / Grey Green 9235

Juniper Berry 2522 / Dark Teal 9256

Roasted Seaweed 2513 / Darkest Petrol 9258

Moonlight Blue 2020 / Denim 9245

PRODUCT SPECIFICATIONS FOR LOOP MELANGE

A hand tufted bouclé rug made of semi-coarse hair yarn. The height and density of the loops create a firm springy feeling, complemented by the balance of the subtle coloring options and the natural shine of the melange wool. The raw cut edge adds a pure expression to this area rug and the superior durability and possibility to manufacture Loop in almost any desired shape makes it a versatile rug in both public and private spaces.

Product type: hand tufted bouclé rug in pure wool

Pile material: 100% wool

Pile height: approx. 11 mm

Pile weight: approx. 2700 g/m²

Total height: approx. 15 mm

Total weight: approx. 3500 g/m²

Base fabric: polyester

Backing material: polypropylene and recycled yarn

Adhesive: Aqueous acrylic adhesive

Size: Any size and shape available. Or choose amongst our suggested sizes: 140x200 cm, 170x240 cm, 200x300 cm, 250x350 cm, 300x400 cm, 350x450 cm. Round: Ø 240 cm.

Use class: 22
(EN 1307)

Use class: 33
(EN 1307)

Castor chair suitability:
Occasional use (EN 1307)

Luxury rating:
LCS (EN 1307)

Reaction to fire
classification:
Cfl-s1 (EN 13501-1)

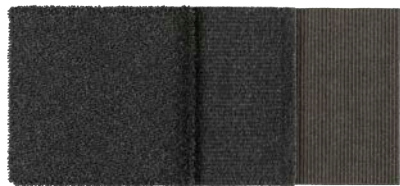

CE MARK REGULATION (EU)
No 305/2011 – Council Directive 89/106/EEC

PRODUCT SPECIFICATIONS FOR HÄGGÅ MELANGE

A shaft woven area or wall-to wall rug with a semi-flat character. It's superior durability and soft roughness makes for versatile functionality and disruptive interior design effects, both in public and private spaces. The full-bodied yarn absorbs sound effectively and the range of colors offers creative freedom within the Melange Family.

Product type: woven rug in pure wool

Weft material: 100% wool

Warp material: 100% linen

Total thickness: approx. 5 mm

Total weight: approx. 2200 g/m²

Size: Custom made sizes, width 70-600 cm upon request. Also suitable as an exclusive wall-to-wall carpet.

Use class: 33
(EN 1307)

Castor chair suitability:
Occasional use (EN 1307)

Thermal resistance:
1.8 m² K/W (ISO 8302)

Acoustic properties:
Impact sound insulation
approx. 24 dB (EN 1307)

Acoustic properties:
Sound absorption
w_v: 0,15

Luxury rating:
LCI (EN 1307)

Reaction to fire
classification:
Cfl-s1 (EN 13501-1)

CE MARK REGULATION (EU)
No 305/2011 - Council Directive 89/106/EEC
(häggå-42-1-2017_14041:2004)

ENVIRONMENT AND SUSTAINABILITY: Building assessment programs: Recommended by Byggvarubedömningen (ID 111071). Meets the requirements for Green Label Plus.

Dusty Olive 8508 / Khaki 9233

Vine Leaf 8509 / Dark Sepia 9233

Acoustic properties:
Impact sound insulation
approx. 16 dB (EN 1307)

Electrical behaviour:
Antistatic (EN 14041)

Luxury rating:
LCI (EN 1307)

Reaction to fire
classification:
Cl-s1 (EN 13501-1)

CE MARK REGULATION (EU)
No 305/2011 – Council Directive 89/106/EEC
(ref 2531-CPR-CXA10211)

ENVIRONMENT AND SUSTAINABILITY

Emmission tested: IAC GOLD (ref 392_2018-00051405_A_EN)

Building product declaration: BVD HF 10040

Building assessment programs: Accepted by Byggarubedömningen (ID 185576)

In compliance with: LEED v.4, BREEAM International GN22 v.3, BREEAM-NOR New construction v1.1

THE FINAL TOUCHES

When making an area rug out of a carpet, Kasthall offers two alternatives of finishing edges. We also offer advice on customization and special color combinations.

BINDING

When binding the edge of a rug we place a 30 mm polyester strip, of which about 15 mm becomes visible, along the edge of the rug. Suitable for heavy use environments. Color matched to the rug or contrasting color by request.

WHIPPING / SERGING

Serging entails sewing an overlock stitch with 100% wool or polyamide along the edge of the rug. The seam is matched to the color of the rug or contrasting color by request.

BACKING

This is a treatment in which the underside of a woven rug is coated with acrylic adhesive. This stabilizes the dimensions of the rug and extends its life. It is recommended for rugs wider than 200 cm or larger than 6 square metres in area.

Choose between whipping/serging and banding (customized or color matched).

THE DIFFERENT FACES OF SUSTAINABILITY

Sustainability is a word that carries double meanings with Melange Family: Environmental awareness and exceptionally long lived products. Scandinavian design and manufacturing results in firmly controlled production process. For Häggå and Loop, the yarn is dyed at a dyehouse not far from our factory in Kinna. For these two qualities, we use exclusively the finest wool originating from New Zealand. For Macro Melange, the wool is a mix from both New Zealand and Great Britain. The wool is natural material from renewable sources and has superior durability.

Colors: Venetian Red 101, Wine Red 102, Blue Black 201, Dark Petrol 301, Ochre 401, Black 501, Dark Grey Brown 502, Dark Grey Green 503, Dark Grey Blue 504, Mid Grey 505, Granite Grey 506, Dark Brown 701, Nougat 702, Sand 801, Light Beige 802.
