MORE THAN A CENTURY OF WALL-TO-WALL EXPERIENCE

Kasthall's collection of wall-to-wall carpets is unique. Based on the finest raw material combined with our knowledge in technique and qualities, we combine the best carpets for commercial use with exclusive bespoke wool carpets.

Each and every carpet is woven for a unique client, to their exact requirements of color, pattern and size.

Our carpets for commercial use are hard-wearing, easy to install and maintain, and certified with regards to wear, safety and environmental regulations.

Our exclusive bespoke wool carpets are based on our collections of area rugs and make perfect unique and exclusive wall-to-wall carpets, both for homes and public settings such as restaurants and hotels and Kasthall has been doing this since 1889.

STARTING WITH YOUR IDEA

With the full width of the Kasthall range, the textile floor covering options are endless; from the lush handtufted rugs to the uniquely woven all the way to the technical yarns of the flat weave carpets, all with the option to customize.

Kasthall's specialty is the ability to develop floor covering concepts that include all qualities. For example creating a giant patchwork with different tufting structures, intarsia-like installations of flat weave or a graffiti artist work with a pattern repeat of 4x4 meter. In our extensive range you find carpets and runners for all kinds of settings, with a distinctive texture, an individual look and their own expression.

¹ Vinge Law Firm; custom designed, hand tufted rugs as wall-to-wall carpet.*

² Kosta Boda Art Hotel; custom designed, printed wall-to-wall carpet.

³ Operakällaren; custom designed, wilton woven wall-to-wall carpet.

⁴ Stadshuskällaren; custom color of woven rug Häggå as wall-to-wall-carpet.*

⁵ Taverna Brillo; custom designed, tufted wall-to-wall-carpet.

⁶ Vinge Law Firm; patchwork installation of wall-to-wall carpet Beta.

*Read more about our woven and hand tufted rugs and Kasthall Atelier in our main catalogue or at www.kasthall.com.

RUNNERS – JUST FOLLOW THAT RUG

The runner is not only the natural way of reducing the clicking sounds of heels on stone or hard wood floor. It softens the structural impact of a set of stairs, integrates the planned color palette and reduces the slipping hazard. The shape of the runner also directs and gives guidance through a corridor, hallway or across an open space area. It is also the perfect way to add color and ambiance to a monochrome surface. Runners can be created using all our different qualities depending on the desired effect.

¹ Svensk Exportkredit Office; custom design of woven rug Häggå.*

² Stadshuskällaren; custom color of woven rug Ingrid, installed in staircase.*

³ The Nobel Library of the Swedish Academy; custom design wilton woven runner.

*Read more about our woven rugs and Kasthall Atelier in our main catalogue or at www.kasthall.com.

HOTELS AND RESTAURANTS

Kasthall's rugs and wall-to-wall carpets adorn many hotels around the world. We have extensive experience working with the diverse areas that a hotel consists of and their respective needs; from lobbies and restaurants to corridors, guest rooms and suites.

Over the years Kasthall has been working with 5-star hotels, design or boutique hotels and exclusive hotel chains all over the world. Chances are that you already have seen several examples of beautiful settings where Kasthall rugs are part of the ambiance.

¹ The London NYC, custom color of woven rug Häggå as wall-to-wall-carpet.*

² Operakällaren; custom designed, wilton woven wall-to-wall carpet Pinstripe.

³ Browns Hotel, HIX at the Albemarle, woven rug Häggå as wall-to-wall carpet.*

⁴ Nobis Hotel, custom designed, printed wall-to-wall carpet.

⁵ The London NYC; woven rug Glenn as wall-to-wall carpet.*

⁶ Operabaren; custom designed, tufted wall-to-wall carpet.

*Read more about our woven rugs and Kasthall Atelier in our main catalogue or at www.kasthall.com.

LISTED AND HISTORICAL BUILDINGS

In sensitive historic environments, such as castles, churches or listed buildings, any updated interiors must blend perfectly with the existing atmosphere. With more than a century of experience in making customized rugs, and our strength in creating perfectly matched color blends, Kasthall offers unique competence to make rugs and carpets for these special settings. The woven Häggå construction is perfect for this job; read more about our woven rugs in our main catalogue.

¹ Church of Bankeryd, custom color of woven rug Häggå seamed together.*

² Stockholm City Hall; custom designed, wilton woven wall-to-wall carpet.

³ The Ibsen Museum, custom designed, tufted wall-to-wall carpet.

*Read more about our woven rugs and Kasthall Atelier in our main catalogue or at www.kasthall.com.

OFFICES AND PUBLIC SPACES

Offices and public spaces are areas of many demands – acoustics, cleaning, fire and wear to name a few. Yet they should also feel inspirational and convey a sense of identity to those who work in or visit them. Kasthall helps you create a complete solution for the floors, from receptions, office landscapes, meeting areas to executive offices and board rooms.

¹ Preera lounge; wall-to-wall carpet Andrew.

² Vann Spa & Hotel; patchwork of wall-to-wall carpet Macro Melange.

³ University of Uppsala; custom designed, wilton woven wall-to-wall carpet.

⁴ Excelspecialisten Office; wall-to-wall carpet Andrew.

⁵ OMX Nasdaq HQ; patchwork of custom designed, wilton woven wall-to-wall carpet Pinstripe.

RETAIL CONCEPTS

The interior design of stores and boutiques is the ultimate physical manifestation of a brand – where the consumer can fully experience the company philosophy. Creating such design concepts requires both vision and attention to detail. Kasthall has vast experience in helping lifestyle companies express their unique identity using our rugs and carpets.

¹ Miss Sixty Brand Store, hand tufted rug Stubb on floors, walls and ceiling.*

² Miss Sixty Brand Store, hand tufted rug Moss on floors, walls and ceiling.*

³ Herren Globus, custom designed, hand tufted rug as wall-to-wall carpet.*

*Read more about our hand tufted rugs and Kasthall Atelier in our main catalogue or at www.kasthall.com.

DESIGN SOMETHING NEW OR MIMIC SOMETHING OLD

Your design idea could come from a fabric sample, an old piece of wallpaper or an inspirational photo. With minimum quantities from as little as 50 square meters, you can always add a unique twist to your project with our woven and tufted wool carpets. You can choose a custom color or a unique pattern, or both. Roll widths from 100 up to 400 cm offers flexibility for installment. We match any color – choose between solid colors or sophisticated mélange color blends. All carpets are tested and approved for commercial use. Let us help you create a new unique expression or match an existing interior!

WOVEN WALL-TO-WALL CARPETS

Operakällaren, Stockholm

WOVEN WILTON WALL-TO-WALL CARPETS

MATERIAL: Woven wall-to-wall carpet in 80% wool and 20% polyamide (antistatic) or 100% wool.

WOVEN WILTON WALL-TO-WALL CARPETS *Case information Operakällaren*

When Claesson Koivisto Rune landed the prestigious project to redesign Stockholm's famous restaurant Operakällaren, at the Royal Opera House, they asked Kasthall to provide the carpet. The previous carpet, designed in 1962, had also been produced by Kasthall.

"We wanted to give this formal restaurant a more relaxed atmosphere and the carpet became our foremost tool. Inspiration came from a picture of the actor Kevin Spacey dressed in a pinstripe suit with an unbuttoned shirt. 'Just like that!', we thought. The pinstripe pattern was hand-drawn with a pencil and then enlarged. It's only noticeable if you know about it" says Ola Rune, architect and partner.

WOVEN WILTON WALL-TO-WALL CARPETS *Case information Bella Sky Comwell Hotel*

The interior decoration of Bella Sky Comwell is based on an innovation of the classic hotel. With its 23 floors, 812 designer rooms and 28 flexible meeting and conference rooms, the hotel is the largest in Scandinavia, reflecting Copenhagen's pulsating energy while providing space for intimacy. Bella Sky follows the tradition of renowned Scandinavian design and is decorated with simple components in stylish materials that reflect the hotel's exclusivity.

Kasthall provided rugs and wall-to-wall carpets to the entire hotel from the custom made bouclé rugs in the restaurant to the woven wall-to-wall in the conference area. This wall-to-wall design combines bouclé and cut surface in a simple linear pattern.

PRINTED WALL-TO-WALL CARPETS

Nobis Hotel, Stockholm

PRINTED WALL-TO-WALL CARPETS

MATERIAL: Tufted wall-to-wall carpet in 80% wool and 20% polyamid (antistatic) or 100% polyamid (antistatic).

PRINTED WALL-TO-WALL CARPETS *Case information Nobis Hotel*

The Nobis Hotel is a 5-star hotel in the center of Stockholm, designed with a holistic attitude, together with a certain amount of eccentricity by the internationally acclaimed architect trio Claesson, Koivisto and Rune. "The color scheme and lighting design is warm and subdued throughout. We call it Scandinavian dark blond. Another recurring theme is subtle patterns, in many cases derived from our own abstracted architectural drawings, like the corridor carpeting and the wallpaper in the conference section".

PRINTED WALL-TO-WALL CARPETS *Case information Kosta Boda Art Hotel*

The entire Kosta Boda Art Hotel is decorated with art glass, in installations as well as in exhibitions. Kosta Boda's renowned designers have contributed to the design of the different parts of the hotel, corridors and hotel rooms. The design of the wall-to-wall carpet is a collage of design sketches of some of the iconic art pieces designed by Bertil Vallien, Kjell Engman, Ulrica Hydman-Vallien, Göran Wärff, Anna Ehrner among others.

ANDREW™
DESIGN PETRA LUNDBLAD

Andrew is a woven bouclé-type wall-to-wall carpet with a smooth texture and beautiful color blends, creating a sophisticated look that complements many interior styles. The finish of the carpet is similar to wool, but it is actually woven in polyamide, which makes it very hard wearing and suitable for public places that see heavy use. The color scale is in muted graphical tones.

Preera Office, Sweden

PRODUCT TYPE: Woven bouclé-type wall-to-wall carpet in
100% polyamide (antistatic)

PILE MATERIAL: 100% polyamide (antistatic)

BINDING WARP: Polyester 60 g/m²

WEFT MATERIAL: Polyamid 125 g/m², polypropylen 130 g/m²

ADHESIVE: Synthetic latex

PILE HEIGHT: approx. 2,5 mm

PILE WEIGHT: approx. 850 g/m²

TOTAL HEIGHT: approx. 4,5 mm

TOTAL WEIGHT: approx. 2500 g/m²

PATTERN REPEAT: Height 10,6 cm, width 10,8 cm

ROLL WIDTH: approx. 400 cm

ROLL LENGTH: approx. 30 m

SPECIAL COLOR MINIMUM ORDER: 200 m²

Wear classification:
(EN 1307) Class 33
Commercial heavy

Suitable for
Castor chair: (EN 985)
Continuous use

Body voltage:
< 1,5 kV

Thermal resistance:
0.10/0.07 m² C/W.
Suitable for underfloor heating

Slip resistance:
DS

Stair suitability:
Continuous use

Burning classification:
(EN 13501-1) Cf1-S1

Surface resistance: approx. $\leq 10^9$ Ohm
Sound insulation: approx. 18 dB

LEED: Mick has LEED certification
- CRI Green label Plus

MORGAN™

Morgan is a wall-to-wall carpet created by printing elegant color melanges on a surface tufted in high-quality polyamide. The carpet is distinguished by its construction, which combines extreme durability and an easy-to-clean floor surface with comfort and a sophisticated design. Morgan is suitable for most settings, from offices and stores to public spaces. The carpet is available in 11 color combinations.

Vinge Law Firm, Gothenburg

MORGAN

WOVEN WALL-TO-WALL carpet
IN 100% POLYAMIDE (antistatic)

PRODUCT TYPE: Tufted and printed wall-to-wall carpet in 100% polyamide

PILE MATERIAL: 100% polyamide

PRIMARY BACKING: PES / PA

SECONDARY BACKING: PES non woven

PILE WEIGHT: approx 668 g/m²

TOTAL HEIGHT: approx 6 mm

TOTAL WEIGHT: approx 2410 g/m²

ROLL WIDTH: approx 400 cm

ROLL LENGTH: approx 25 m

PILE HEIGHT: approx 1 mm

Wear classification:
(EN 1307) Class 33
Commercial heavy

Suitable for
Castor chair: (EN 985)
Continuous use

Body voltage:
<1,5 kV

Thermal resistance:
0.10/0.07 m² C/W.
Suitable for underfloor heating

Slip resistance:
DS

Stair suitability:
Continuous use

Burning classification:
(EN 13501-1) Bfl-S1

Sound insulation: approx. 20 dB

TOM™
DESIGN PETRA LUNDBLAD

Korsettfabriken Office, Sweden

The wall-to-wall carpet Tom perfectly combines sophisticated design with a sustainable ambition, demonstrating that green can also be elegant. The carpet is made from the special polyamid yarn Econyl[®], which is made of recycled fishing nets.

The felt backing is also made of recycled polyester, creating a fully recycled product. All this without compromising either the functionality or design of the product – Tom is suitable for application in heavily trafficked commercial areas, and with its subtle design without a pattern repeat, is easy to install.

TOM WOVEN WALL-TO-WALL carpet
IN 100% POLYAMIDE, recycled yarn – Econyl®

PRODUCT TYPE: Woven wall-to-wall carpet in 100% polyamide, recycled yarn – Econyl®
PILE MATERIAL: 100% Econyl SD – recycled Polyamid
PRIMARY BACKING: 100% recycled Polyester
SECONDARY BACKING: Felt backing – 100% recycled Polyester

PILE HEIGHT: approx. 0,5 mm
PILE WEIGHT: approx. 165 g/m²
TOTAL HEIGHT: approx. 2,6 mm
TOTAL WEIGHT: approx. 1310 g/m²
ROLL WIDTH: approx. 188 cm
ROLL LENGTH: approx. 25 m

TOM Winner of the Red Dot Award

reddot design award
winner 2012

We are proud to announce that our wall-to-wall carpet Tom, made from 100% recycled materials, is the winner of Red Dot design award 2012. The wall-to-wall carpet Tom perfectly combines sophisticated design with a sustainable ambition, demonstrating that green can also be elegant. The carpet is made from the special polyamid yarn Econyl[®], which is made of recycled fishing nets, and is suitable for use in high traffic areas.

STRANDVÄGEN™
DESIGN GUNILLA LAGERHEM ULLBERG

Strandvägen is a classic runner made of 80% wool and 20% polyamide – a construction that offers incredibly high durability. The runner works well in both corridors and staircases, and the classic pattern and colors allow the rug to blend into a wide variety of settings.

Strandvägen is available in two different widths: 90 cm and 120 cm.

CARE ADVICE AND GOOD TO KNOW

CLEANING ADVICE

We recommend that cleaning is carried out by a professional cleaning company. At www.kasthall.com you can read more about our materials, how to look after your carpet and find our stain guide.

CARE ADVICE

All carpets retain their appearance for a longer time if you remove dirt and stains regularly. If you have a light, single-color carpet you will naturally need to clean it more often than a darker, patterned one. Almost all dirt comes from outside. If you want to prevent it from coming all the way in you can place a good-quality scraper mat outside the door and an entrance mat inside. Effective vacuuming is the easiest and most environmentally friendly cleaning method. It is also the most economical. When you vacuum regularly you remove all the loose dirt and dust.

OTHER INFORMATION

Important information when ordering wall-to-wall carpets and runners:

- Kasthall offers the possibility to add a sound absorbing felt backing to all flat weave constructions in our wall-to-wall range. The minimum quantity required is 400 sqm. The benefits from this backing is added sound absorption and increased comfort. This sandwich construction also reduces the installment time since it eliminates the drying time between the layers.
- We recommend that our carpets are installed by professional carpet-fitters. Some carpets should be laid on underfelt with gripper strips, while others can be glued direct to the floor. Contact us for more information and laying instructions.
- Depending on the materials used and the different processes in production, dimensions of the carpet may vary by up to 3%.
- Note that variations in color and texture can arise between batches of yarn and dye baths.
- Please note that certain restrictions apply to stitching of concave shapes/lines. For rugs with concave shapes/lines, please submit drawing to Kasthall prior to placing the order.
- All runners should be laid on an underlay that prevents them from moving on all types of flooring. This extends the life of the carpet and reduces the risk of slipping.
- In longer corridors the runner should be laid on underfelt with gripper strips.

ENVIRONMENT AND SOCIAL RESPONSIBILITY

At Kasthall environmental work is a very natural part of what we do and what we stand for – today and for generations to come. Naturally we are certified according to the environmental standard ISO14001, and many of our products bear the symbols of LEED, CRI Green Label Plus, BASTA, Öko-tex and GUT. These certificates confirm our continuous efforts. We produce our woven and hand tufted rugs in our own factory in Sweden – a rarity these days – where we adhere to the strict environmental regulations and employment laws of our country and the EU. Our working environment reflects the creativity and quality that we strive for – in design, materials and manufacture.

We choose our materials with the utmost care. Aside from appearance, it is important that the yarns we use have the characteristics we demand for various types of settings, such as wear resistance, fire resistance and environmental requirements. At our factory we bring together expertise and innovation. We love what we do, we do it well, and we never want to stop striving forward. And everything we do, we do with the greatest possible consideration for the environment around us. This is the way it has been ever since Kasthall was founded, in 1889 in Kinna, Sweden. Our commitment to quality will never go out of fashion. Read more about our environmental work and philosophy at www.kasthall.com.
